

# Instrument Repair & Rental

Best-in-class Topcon repair and rental opportunities

## Repair services

Many stores within Topcon Solutions' network is equipped with a state-of-the-art Topcon Certified Service and Repair center. Located across the Midwest, Northeast, & Northwest, these centers accommodate all Topcon & Sokkia products repairs. Topcon Solutions allows customers rapid and consistent high-quality solutions to their problems whether they are out in the field, or working far away from their offices. Solving these issues quickly and locally means that customers can get their crews back to work and eliminate down-time costs.

## Rental opportunities

Along with repair services, you have access to an extensive rental inventory for all your needs. If it's a short-term, in-a-pinch need or additional support for job coverage or simply trying out the latest technology, Topcon Solutions can provide rental equipment to fulfill any of those needs. Take advantage of our localized rental inventory to expand your business opportunities.
